Review Round:1st Review

SITE PLAN APPROVAL NOTIFICATION

Dear Mr. Thompson,

We are pleased to inform you that the site plan for the Elm Street Townhomes project (Permit #SP-2025-0298) has been **APPROVED** following a satisfactory 3rd review. All previously identified comments have been adequately addressed.

The following conditions of approval apply:

1. Construction must commence within 12 months of this approval date.
2. A pre-construction meeting with the Inspections Division is required before any land disturbance.
3. Approved erosion control measures must be in place before grading begins.
4. Final landscape inspection required before Certificate of Occupancy.
5. As-built survey to be submitted within 30 days of completion of site improvements.

Congratulations on your approval. Please contact our office with any questions.

David Chen, AICP

Planning Director, City of Greensboro
